7	Kiln 8	Evenheat Glass Kiln ^05 Full Shelf / Half Shelf	150.00
8	Kiln A	Baby Kiln Glass max 980 degrees, glass testing only	20.00

LOOSE PIECES

- 1 You can fit loose pieces into the crate. Charges will be by estimated volume. **1/2 crate: \$20 1/4 crate: \$10**
- 2 For one piece only (less than 1/4 crate size) \$10 charge applies
- 3 Please note that our studio firing temp are: 1) bisque 1000 degrees 2) glaze cone 5 (1200 degrees)
(any glaze temperature deviating from our studio firing temperatures, you will need to hire a kiln to do your custom firing.
- 4 Lead time: please allow 4 - 6 weeks. Urgent firing within 10 working day, 50% additional charge applies.

NOTES FOR OWN FIRING CYCLE HIRE

- 1 Artists are to load your own works and sign off the firing programming.
- 2 Reservation of kiln: You can reserve by indicating which kiln you would like to use and when you are coming in. Please email to studiomanager@goodmanceramicstudio.com Please prepay to reserve the kiln (cash, nets or paypal)
- 3 Upon completion of cycle, please collect your works the following day. If you can't come in, we will unload for you. Please collect your works within 3 working days. GCS will not be liable for accidental damages.
- 4 If you are using crystal glazes or runny glazes, please make glaze catchers / dishes. Additional charges apply for glazes that overrun onto kiln shelves
- 5 If you are unsure of how to fire, please sign up for our kiln firing courses.
